

RFP form egeModul PP

Preliminary remark:

Short pipes made of PP-HM, egeplast system, following DIN 8077 and DIN EN 1852; pipe colour black, at least 2/3 of the wall thickness. With bright, inspection-friendly inner layer.

The short pipes are made with 3-lip seal and axially force-locked socket integrated in the pipe wall. The seal must comply with DIN EN 681-1. The certificate for tests in accordance with DIN EN 1277 must confirm the higher level of pressure resistance of 2.5 bar with a 3° bend in the sleeve. A dimension record must be submitted on the manufacture of the milled socket and milled spigot.
